3 CHAIRPERSON ANDERSON: The next case
4 on our calendar is a fact finding hearing on
5 Green Grow, LLC, License Number 125984 and
6 125990.

7 Good morning, Mr. Orellana. Can you
8 please elevate the rights of the parties in this
9 case?

10 MR. ORELLANA: Good morning, Farhan
11 Maredia, access elevated, and potentially
12 Muhammad, access elevated. And we lost Collin
13 Cenci, but maybe he's not part of this.

14 CHAIRPERSON ANDERSON: No, he's not
15 part of -- he's not part of --

16 MR. ORELLANA: Okay, that is all,
17 Chairman.

18 CHAIRPERSON ANDERSON: Good morning,
19 thank you.

20 Good morning. Let me have the
21 parties please spell and state your name for the
22 record and your relationship to this
23 establishment.

24 MR. MAREDIA: My name is Farhan
25 Maredia, F-A-R-H-A-N, last name, Maredia, M-A-R-

1 E-D-I-A. I'm one of the partners of Green Grow.

2 MR. ZAVERI: My name is Imran Abdul
3 Zaveri. It's I-M-R-A-N, space, A-B-D-U-L, space,
4 Zaveri, Z-A-V-E-R-I, another partner for Green
5 Grow, LLC.

6 MR. SHAHABUDDIN: My name's Muhammad
7 Shahabuddin, M-U-H-A-M-M-A-D, last name, S-H-A-H-
8 A-B-U-D-D-I-N. I'm also one of the partners in
9 Green Grow.

10 CHAIRPERSON ANDERSON: So who will be
11 speaking this morning? All three parties are --
12 we have a spokesperson.

13 MR. MAREDIA: I will, this is Farhan.
14 And, you know --

15 CHAIRPERSON ANDERSON: Spell your
16 last name.

17 (Simultaneous speaking.)

18 MR. MAREDIA: Sorry, Maredia, M-A-R-
19 E-D-I-A.

20 CHAIRPERSON ANDERSON: Maredia, Mr.
21 Maredia, okay.

22 MR. MAREDIA: Yeah.

23 CHAIRPERSON ANDERSON: All right,
24 good morning, everyone. This is a fact finding
25 hearing.

1 Green Grow, LLC has applied for a
2 medical cannabis cultivation center Tier 1
3 license and a medical cannabis manufacturer Type
4 2 license. The proposed location for both
5 businesses is on 2417 Evarts Street NE.

6 It's my understanding that the build-
7 out is ready. You guys have not gone through
8 final inspection, but once you're -- so we're
9 having this final -- this hearing just to gather
10 some information about the business, your
11 experience in running this type of business, and
12 just general questions, just a fact finding
13 hearing.

14 The parties are not sworn in. It is
15 just to get some background information on the
16 business, the ownership. This is not a get you,
17 so we're not going to say, oh, my God, we're
18 going to -- this is not a gotcha, this is just
19 informal. We're gathering information.

20 So, I guess I could just start off
21 by, I guess, Mr. Maredia, you can tell me about -
22 - tell me about the businesses, both businesses
23 that is being proposed.

24 MR. MAREDIA: Okay. Yes, so our
25 facility is a multi-tier growing facility. It's

1 in a 7,000 square-foot building. Our mission is
2 to produce the top-tier product in our medical
3 industry and help our consumers.

4 In order to do so we have a very
5 sophisticated, robust HVAC system, fertigation
6 system, and lighting system. Also we have a
7 plant monitoring system to health -- to check the
8 plants' health, and 24/7 it will be on. And, you
9 know, if there's any issues or problems, we will
10 get notified in our phone.

11 Obviously we're going to use the
12 Metrc tracking system to track any movement of
13 the plants. Also we have, like, 50 cameras
14 installed in our facility to monitor any
15 movement.

16 We're using ClearSight testing to
17 test our product. Also we're using American
18 Protection Professionals to deliver our products.
19 And our site is also ADA compliant, installed
20 wheelchair chair lift for disabled persons.

21 We have hired a couple of lead
22 growers. We have CEO, we have a sales manager.
23 We will be hiring, like, seven to nine grow techs
24 to help out our lead growers, to help in
25 trimming, packaging, and also cleaning.

1 And we have a team of consultants,
2 cannabis consultants, who are helping us, guiding
3 us throughout this process. And, yes, so they
4 have a ton of knowledge, ton of experience, and
5 it's helping us tremendously.

6 Also, we all have taken a Metrc
7 training course. And also our managers, onsite
8 managers, sales managers, they have completed
9 Green CultureED management training as well. And
10 we have employment handbooks on site that
11 includes D.C. employment statutes and code of
12 conduct. And we have OSHA documentation onsite
13 for state and federal regulations.

14 So our goal is basically we want to
15 be completely compliant to the state and follow
16 all the rules and regulations and, obviously,
17 produce the best product in the market, so yes.

18 CHAIRPERSON ANDERSON: All right, so
19 one of the facilities you're asking -- seeking
20 licensure for is for a medical cannabis
21 manufacturer Type 2 license. So whatever
22 products is it that you plan to make, to
23 manufacture?

24 MR. MAREDIA: We're going to be
25 growing flowers --

1 MR. ZAVERI: Flowers --

2 (Simultaneous speaking.)

3 MR. ZAVERI: -- and then pre-rolls.

4 MR. MAREDIA: Pre-rolls, yes.

5 MR. ZAVERI: That's just the starting
6 point. For right now we're just going to focus,
7 mainly focus on the flower and pre-rolls, and
8 also, sorry, vape products as well.

9 MR. MAREDIA: Yes.

10 CHAIRPERSON ANDERSON: I'm sorry, who
11 was just speaking, just for the record?

12 MR. ZAVERI: Oh, yes, sorry, it's
13 Imran Abdul Zaveri.

14 CHAIRPERSON ANDERSON: So if a
15 different person speaks, just --

16 MR. ZAVERI: Sorry.

17 CHAIRPERSON ANDERSON: -- identify
18 yourself for the record.

19 MR. ZAVERI: Yes.

20 CHAIRPERSON ANDERSON: We have a
21 court reporter, so the court reporter can ensure
22 we get the statements to the proper person, okay?

23 MR. ZAVERI: No problem.

24 CHAIRPERSON ANDERSON: All right,
25 thanks. Now so are the three of you the 100

1 percent owners of the establishment?

2 MR. MAREDIA: This is Farhan Maredia,
3 yes. Actually there's one missing, one of our
4 partners. We're a total of four.

5 CHAIRPERSON ANDERSON: Four, so who
6 is the fourth partner?

7 MR. MAREDIA: Arshad Maredia, A-R-S-
8 H-A-D, last name, Maredia, M-A-R-E-D-I-A.

9 CHAIRPERSON ANDERSON: Okay, thank
10 you. So each partner owns 25 percent of the
11 establishment?

12 MR. MAREDIA: That is correct.
13 (Simultaneous speaking.)

14 CHAIRPERSON ANDERSON: So who is
15 making legal and management decisions for the
16 business?

17 MR. MAREDIA: That will be myself,
18 Farhan Maredia.

19 CHAIRPERSON ANDERSON: Okay. Now so
20 tell me a little bit about your background in
21 this -- your background, if any, in this --
22 operating this type of business.

23 MR. MAREDIA: Well, truthfully, this
24 is our first time, you know, getting into this
25 market. Our background is in retail businesses.

1 We all own gas stations. We also have real
2 estate properties. And before that, before I
3 used to work for a corporate -- I was in IT. I
4 have an IT background, and graduated from Georgia
5 State University. So, yes, so that's why we have
6 --

7 CHAIRPERSON ANDERSON: So who's --
8 (Simultaneous speaking.)

9 MR. MAREDIA: Yes, go ahead, sorry.

10 CHAIRPERSON ANDERSON: I'm sorry. So
11 who's going to provide you the cannabis
12 background? Who's --

13 MR. MAREDIA: Yes.

14 CHAIRPERSON ANDERSON: So who is it
15 that you have hired to provide you expertise on -
16 -

17 MR. MAREDIA: Yes --

18 CHAIRPERSON ANDERSON: -- I know that
19 you state that you have the business background,
20 but the -- in a sense of the -- specific to the
21 industry, what --

22 MR. MAREDIA: Yeah.

23 CHAIRPERSON ANDERSON: -- tell me
24 about --

25 MR. MAREDIA: We have a consultant,

1 Plant Minded. They are based off of West Coast.
2 They have helped out many companies throughout
3 the states build cultivation facilities. They
4 have -- not only they have run their own, also
5 they have helped out others. So they are working
6 with us throughout this time, and they're going
7 to be with us in multiple cycles to make sure
8 that we understand and, yes, fully. So yes, so
9 we have a team of people that -- who are
10 experienced in all this.

11 CHAIRPERSON ANDERSON: All right, so
12 as I stated before, it's my understanding that
13 you're waiting for final inspection. So have you
14 -- has that been scheduled? Or where are you
15 with having the agency conduct its final
16 inspection?

17 MR. ZAVERI: Yes. So the CO
18 inspection is going to happen on the 12th, next
19 week.

20 CHAIRPERSON ANDERSON: I'm sorry,
21 what is going to happen when? I didn't hear what
22 you said.

23 MR. MAREDIA: The 12th, August 12th,
24 on Wednesday.

25 CHAIRPERSON ANDERSON: Oh, August

1 12th.

2 MR. MAREDIA: Yes, we've been
3 scheduled for inspection, final inspection.

4 CHAIRPERSON ANDERSON: And so once
5 the inspection is done on the 12th, provided that
6 it's passed, what would be the next step towards
7 --

8 MR. MAREDIA: Then --

9 CHAIRPERSON ANDERSON: -- operation?

10 MR. MAREDIA: Okay, so then we have
11 Jason Peru from ABCA who'll come and do the
12 security inspection, cameras and stuff.

13 CHAIRPERSON ANDERSON: Yes, but I'm
14 saying who long after would you be able to
15 operate?

16 MR. MAREDIA: Oh, we can operate as
17 soon as you give us the blessing. I mean, we are
18 ready to go. We have everything. It's onsite,
19 ready to go. We're just waiting on the CO and
20 ABCA's blessing, yes.

21 CHAIRPERSON ANDERSON: All right, but
22 I'm saying, so you said you are waiting. You
23 don't have a certificate of occupancy as yet, is
24 that correct?

25 MR. MAREDIA: Yes, so that is on the

1 12th of August.

2 CHAIRPERSON ANDERSON: Okay, all
3 right. Okay, I'm sorry. No, I thought you were
4 saying that Mr. Peru was scheduled to --

5 MR. MAREDIA: Well, no --

6 CHAIRPERSON ANDERSON: -- to do this
7 final inspection --

8 MR. MAREDIA: Yes, Mr. Peru said
9 that right after we receive the CO, he will be
10 there the very next day.

11 CHAIRPERSON ANDERSON: Okay, all
12 right.

13 MR. ZAVERI: Sorry, my name is Imran
14 Abdul Zaveri. Just wanted to add to what Farhan
15 said. Yes, we don't have the industry
16 background, but for the past two years all of
17 these consultants have been with us throughout
18 this journey. And they will be continuing to be
19 with us until we are, you know, we have all the
20 knowledge, everything in place to run this
21 business ourselves, just to clarify.

22 CHAIRPERSON ANDERSON: Well, thank
23 you for clarifying the record, putting that on
24 the record. I mean, I'm aware that you guys, you
25 are businessmen, and you know how to run a

1 business. But it's also important that you have
2 the expertise to the specifics towards the plant
3 and also this is that you are running -- it is a
4 medical facility that you're operating and that
5 you have that type of expertise. So thank you
6 for putting that in place.

7 So let me ask you a question. And
8 this is more so -- well, it's more so on the
9 manufacturer's side, but it's probably the same
10 on the cultivation side. So what kind of
11 hazardous materials or dangerous chemicals,
12 substances do you intend to use?

13 MR. ZAVERI: Basically, we don't have
14 any, you know, we're not using any, like, frying
15 equipment or cooking equipment, because we don't
16 have that in place. So basically, we just are
17 going be, you know, rolling the buds and taking
18 the flower.

19 And I think -- well, to answer your
20 question, the only hazardous material we would
21 have would be CO2. And that's just, you know,
22 minor going in to make the plants grow, but
23 nothing else.

24 CHAIRPERSON ANDERSON: Well, you
25 stated that you guys are going to do vapes. So

1 how do you --

2 (Simultaneous speaking.)

3 CHAIRPERSON ANDERSON: -- how do you
4 limit that to vapes?

5 MR. ZAVERI: Yes. So basically, we
6 are going to take our product and give it to
7 another partner, DC Extracts, who produce the
8 liquid. Then, you know, as for the process, you
9 can put it in Metrc, transfer it, and then get it
10 back. And that's how we were going to do it.

11 CHAIRPERSON ANDERSON: Okay. I think
12 I know a little bit about, maybe not a whole lot,
13 but just a little bit. And I said sometimes I
14 feel a little bit of knowledge is dangerous.

15 MR. ZAVERI: Yes, yes.

16 CHAIRPERSON ANDERSON: All right,
17 okay.

18 So how will you handle waste
19 management of whatever potential hazardous
20 materials that you might have.

21 MR. MAREDA: Yes, so we have the --
22 basically we're going to have the hazards picked
23 up. We have the contact, I believe of -- or
24 actually our CO knows the company that serviced
25 and who all comes in and picks up the waste.

1 It's the --

2 MR. ZAVERI: From your agency?

3 MR. MAREDIA: From your agency, I
4 think it's a (audio interference). I just don't
5 know exactly the person's name that serves the
6 company.

7 CHAIRPERSON ANDERSON: All right,
8 that's fine. Now does the ownership understand
9 that it can only distribute, store, and sell
10 medical cannabis products provided by D.C.
11 licensed cultivation centers and manufacturers?

12 Well, I guess you are a -- you're
13 asking for a cultivation license and a
14 manufacturer license. So we just want to make
15 sure that whatever the products that you are
16 producing, that they're grown and manufactured by
17 you here in D.C.?

18 MR. MAREDIA: Absolutely, yes.

19 MR. ZAVERI: Yes, I mean, after we
20 get our license, you know, we would love to have
21 you guys come out and give you a tour, how much
22 of an effort that we put in, in the last years,
23 to bring this facility to go live. You know, we
24 would really appreciate that.

25 CHAIRPERSON ANDERSON: At some point

1 in the fall, the Board will try to schedule tours
2 of new licensed facilities. So we'll see how
3 many facilities are there and what our schedule
4 will be in the sense of what is it that we view.
5 But I'll keep that in mind. I'll talk to Mr.
6 Peru.

7 But I'm fascinated. And they're
8 cultivators. They're cultivation centers, all
9 right. I've always been fascinated to see the
10 plants and the amount of work, and the stages to
11 produce the flower. So I look forward to that.
12 All right.

13 Does the business have any Schedule 1
14 substances in its possession, either onsite or
15 another location?

16 MR. MAREDA: No, sir.

17 MR. ZAVERI: No, sir.

18 CHAIRPERSON ANDERSON: Does the
19 business have any non-medical cannabis products
20 in its possession, either onsite or another
21 location?

22 MR. ZAVERI: No, sir.

23 CHAIRPERSON ANDERSON: Does the
24 business understand that the presence or
25 distribution of Schedule 1 or non-medical

1 cannabis products may lead to the closure of the
2 business or the revocation of the license?

3 MR. ZAVERI: Yes, sir.

4 CHAIRPERSON ANDERSON: Any questions
5 by any of the board members?

6 All right. Go ahead, Mr. Grant.

7 MEMBER GRANT: Just one brief
8 question. I know you all mentioned the Metrc
9 training. Do you feel like you've had sufficient
10 support from the agency as you prepared to open?

11 MR. MAREDIA: Yes, absolutely. We
12 are, you know, all our lead growers, our
13 consultants, sales manager, they all are familiar
14 with that software.

15 MEMBER GRANT: Got you.

16 MR. MAREDIA: So they all know
17 exactly -- like I said, our consultants, they're
18 from med schools, and they've been using it for
19 a long time. They know everything about this
20 system.

21 MEMBER GRANT: Right, but I guess, in
22 general, your interactions with the agency, with
23 ABCA, do you feel like you've got a clear path to
24 be able to communicate with them of any issues
25 you had?

1 MR. MAREDIA: Yes, absolutely. Our
2 sales rep, Phil Frederick, he is heavily involved
3 in with ABCA.

4 MEMBER GRANT: Okay.

5 MR. MAREDIA: And, yes. And he's
6 also our CO.

7 MEMBER GRANT: Okay, thank you, no
8 further questions.

9 CHAIRPERSON ANDERSON: Any other
10 questions by any other board members?

11 All right, gentleman, I'm hoping that
12 this is the first and the last time that we'll
13 meet, that you will --

14 (Simultaneous speaking.)

15 CHAIRPERSON ANDERSON: I regret that
16 I share with folks. Normally when owners, when
17 they appear before the board it is because they
18 have violated one our rules and regulations. So
19 if the board decides to approve this license, we
20 are entrusting you in this endeavor, and we're
21 hoping that -- we're not there 24/7 to ensure
22 that you're operating above the law and
23 efficiently.

24 But you should be aware that we are
25 keeping track of what it is what you're doing,

1 and if the board or one of our agents was to
2 come to the facility and realize that you're
3 violating the law, this board will not give the -
4 -

5 MR. MAREDIA: Yes, 100 percent.

6 (Simultaneous speaking.)

7 CHAIRPERSON ANDERSON: -- will do
8 whatever it needs to do to take this privilege
9 that's provided to you, okay. So good luck. I
10 know that you stated that Mr. Peru will do the
11 final inspection once you have gotten your
12 Certificate of Occupancy.

13 And I'm glad that we're having this
14 hearing today. Because, as you're aware, the
15 board goes on recess next week. And so I believe
16 that the Board will vote to approve the issuance
17 of the license once you have passed final
18 inspection. So it should be --

19 MR. MAREDIA: Thank you.

20 CHAIRPERSON ANDERSON: -- yes, I
21 believe that the board will support the issuance
22 of the license, okay. So good luck.

23 MR. MAREDIA: Thank you, sir.

24 CHAIRPERSON ANDERSON: I'm glad to
25 meet you. And hopefully the next time we meet is

1 not in front of the board, but it's again in an
2 informal manner if we get a chance to view your
3 facility. All right, thank you.

4 MR. MAREDA: Thank you. Thank you,
5 sir.

6 CHAIRPERSON ANDERSON: All right,
7 bye-bye. All right, that was our last hearing
8 for this morning.
