**ORDER SUMMARILY REVOKING PUB CRAWL PERMIT**

---

In accordance with D.C. Official Code § 25-826(a) and 23 DCMR § 712.19, the Alcoholic Beverage Control Board summarily revokes the pub crawl permit held by Good Bar Crawls (Licensee), which authorizes the Licensee to host various pub crawl events through March 31, 2020, and includes the event approved for March 14, 2020.

If the Board determines, after investigation, that the operations of a licensee present an imminent danger to the health and safety of the public, the Board may summarily revoke, suspend, fine, or restrict, without a hearing, the license to sell alcoholic beverages in the District.” D.C. Code § 25-826(a). Furthermore, under § 712.19, “The Board may place restrictions upon the hours, participating licensed establishments, and the number, nature or size of pub crawl events held under a pub crawl license in order to protect public safety.” 23 DCMR § 712.19 (West Supp. 2020).

On March 11, 2020, District of Columbia Mayor Muriel Bowser declared both a State of Emergency and a public health emergency as a result of several presumptive and confirmed cases of the coronavirus (COVID-19) in the Washington, DC metropolitan region. Additionally, the District of Columbia Department of Health has recommended effective immediately that through March 31, 2020 *“non-essential mass gatherings, which are events of where people congregate in a specific location...including social, cultural, or entertainment events where large crowds are anticipated, be reconsidered by the organizer.”*

Mayor’s Orders 2020-045 and 2020-046 (copies attached) indicate that the spread of COVID-19 represents an imminent threat to the health, safety, and welfare of District residents, that requires emergency protective actions to be undertaken by the District Government. In light of the emergency faced by the District of Columbia, the continuation of pub crawl events at this time poses an imminent danger to the immediate health and safety of residents, visitors, and District government personnel engaged in public safety operations.

### **ORDER**

Therefore, the Board, on this 12th day of March 2020, hereby **SUMMARILY REVOKES** approval of the pub crawl events scheduled through March 31, 2020, including the event approved for March 14, 2020. The Licensee is hereby **PROHIBITED** from conducting a pub crawl events through March 31, 2020, including any event or events scheduled for March 14, 2020.

**IT IS FURTHER ORDERED** that the Board’s findings of fact and conclusions of law contained in this Order shall be deemed severable. If any part of this determination is deemed invalid, the Board intends that its ruling remain in effect so long as sufficient facts and authority support the decision.

A copy of this Order shall be sent to the Licensee.

Mayor's Order 2020-046  
March 11, 2020

**SUBJECT:** Declaration of Public Health Emergency: Coronavirus (COVID-19)

**ORIGINATING AGENCY:** Office of the Mayor

By virtue of the authority vested in the Mayor of the District of Columbia pursuant to section 422(11) of the District of Columbia Home Rule Act, approved December 24, 1973, 87 Stat. 790, Pub. L. No. 93-198, D.C. Official Code § 1-204.22(11) (2016 Repl.), in accordance with section 5 of the District of Columbia Public Emergency Act of 1980, effective March 5, 1981, D.C. Law 3-149, D.C. Official Code § 7-2304 (2018 Repl.), and section 5a of District of Columbia Public Emergency Act of 1980, effective October 17, 2002, D.C. Law 14-194, D.C. Official Code § 7-2304.01 (2018 Repl.), it is hereby **ORDERED** that:

**I. FINDINGS AND DECLARATION (NATURE OF A PUBLIC HEALTH EMERGENCY)**

- A. This Order follows upon the Mayor's Order 2020-045, dated March 11, 2020, declaring a Public Emergency in the District of Columbia.
- B. There is reasonable cause to believe that there is an imminent hazard of or actual occurrence of widespread exposure to an infectious agent (COVID-19) that poses a significant risk of substantial future harm to a large number of people in the District of Columbia.
- C. On January 31, 2020, the United States Department of Health and Human Services declared a public health emergency (PHE) for the United States to aid the nation's health care community in responding to COVID-19. There have been several presumptive and confirmed cases of COVID-19 in the Washington, DC metropolitan region. COVID-19 has been detected in numerous states, with more than 1,000 confirmed cases and at least 29 fatalities in the United States. The World Health Organization and the Centers for Disease Control and Prevention (CDC) have declared COVID-19 to be a "public health emergency of international concern" (PHEIC). On March 11, 2020, the World Health Organization declared COVID-19 a pandemic.
- D. Cities in the United States and foreign cities experiencing COVID-19 outbreaks have had significant health, safety, and economic impacts on their residents, businesses, and visitors. Mandatory quarantines, self-isolation, business supply chain interruptions, and cancellations of college classes and conventions are increasingly affecting peoples' lives and livelihoods.

- E. The person-to-person spread of COVID-19 and the increased availability of testing kits make it virtually certain that the District of Columbia will have more confirmed cases and that COVID-19 will have significant impacts on District of Columbia residents, businesses, visitors, students, and at-risk populations.
- F. The spread of COVID-19 is an imminent threat to the health, safety, and welfare of District residents that requires emergency protective actions be undertaken by the District Government.
- G. By this Order, a public health emergency is declared in the District of Columbia, effective immediately.

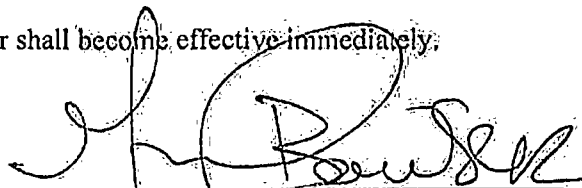

**II. EMERGENCY MEASURES AND REQUIREMENTS**

- A. The Mayor's Chief of Staff, in consultation with the Communications Director, shall direct all public communications and maintain coronavirus.dc.gov as a central repository for all government information relating to COVID-19 response.
- B. Within one (1) day of this Order, the Director of the Department of Health (DOH) shall issue an administrative order, approved by the City Administrator and in consultation with the Deputy Mayor for Health and Human Services, consistent with and authorized by section 5a(d) of the Public Health Protection Amendment Act, D.C. Official Code § 7-2304.01(d), and may issue updates during the period of this emergency, and notwithstanding any other laws or rules to the contrary.
- C. This Order shall apply to all departments, agencies, and instrumentalities of the District Government as necessary or appropriate to implement this Order.

**III. DURATION OF ORDER**

This Order shall remain in effect until fifteen (15) days after its effective date, unless earlier rescinded or superseded.

- IV. EFFECTIVE DATE:** This Order shall become effective immediately.
